9.Github Link

PROBLEM STATEMENT

In the digital era,students needs a professional portfoilio to showcase their, skills,projects and achievements effectively.Many students lack a structured way to present their work to recruiters and academic evaluation

PROJECT OVERVIEW

This project is a digital portfolio website designed using HTML,CSS,and JavaScript. It highlight personal information, achievement, skills,and contact details in an interactive format.

WHO ARE THE END USERS?

1. Students
2. Recruiters
3. College Professor
4. Project mentors
5. Organization seeking AI & ML interns.

TOOLS AND TECHNIQUES

*HTML,CSS,Javascript
*Python(for backend intergration)
*GitHub(for hosting and version control)
*Canva/Power(for design planning)
*SQL(for storing project data if extended)

POTFOLIO DESIGN AND LAYOUT

The portfolio is divided into sections:

*About me

*Achievements

*Skills

*Projects

*Contact Me

A clean and minimal design with easy navigation has been used.

FEATURES AND FUNCTIONALITY

*Interactive navigation menu

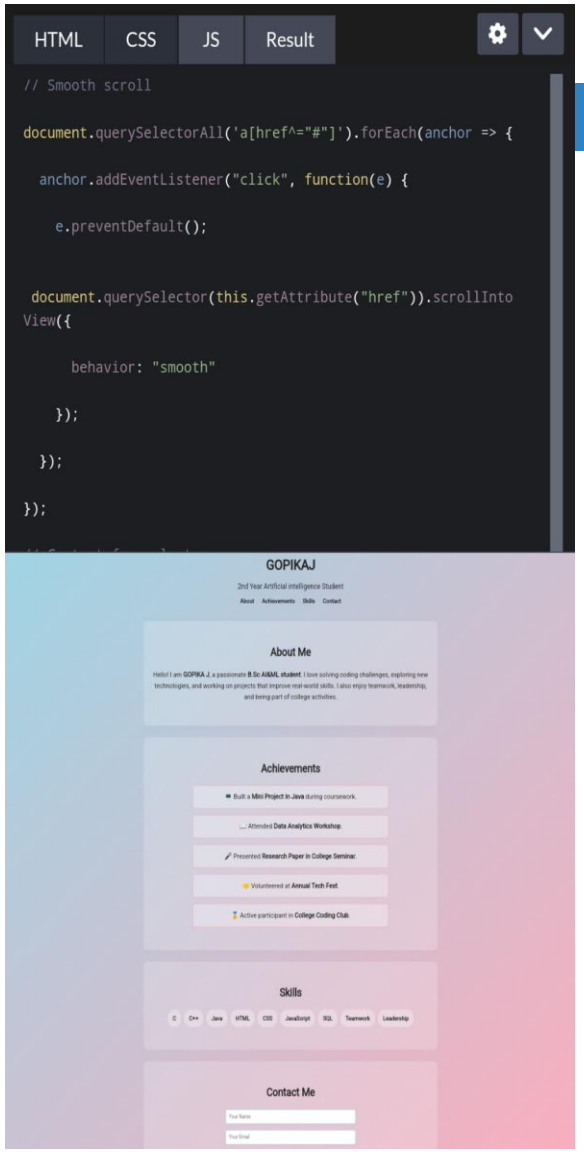
*Dynamic sections for people,skills and projects.

*Contact form for inquiriers

*Responsive design for desktop and mobile

*hosted on GitHub pages

RESULTS AND SCREENSHOTS



CONCLUSION

The Digital portfolio successfully demonstrates my academic journey,skills, and projects.It provides a professional platform for presenting my profile to recruiters and institutions.
